

Final Appraisal Recommendation

Advice No: 2015 – July 2015

Brimonidine (Mirvaso®) 3 mg/g gel

Submission by Galderma (UK) Ltd

Recommendation of AWMSG

Brimonidine (Mirvaso®) is recommended for restricted use within NHS Wales for the symptomatic treatment of facial erythema of rosacea in adult patients.

Brimonidine (Mirvaso®) should be restricted for use in patients with moderate to severe persistent facial erythema associated with rosacea.

Brimonidine (Mirvaso®) is not recommended for use within NHS Wales outside of this subpopulation.

In reaching the above recommendation AWMSG has taken account of the appraisal documentation prepared by the AWMSG Secretariat (reference number 2168), which includes the AWMSG Secretariat Assessment Report (ASAR), the Preliminary Appraisal Recommendation (PAR) and the applicant company's response to the PAR, clinical expert opinion (where available), the views of patients/patient carers (where available) and the lay member perspective.

This recommendation has been ratified by Welsh Government and will be considered for review every three years.
