

Final Appraisal Recommendation

Advice No: 0814 – February 2014

Indacaterol/glycopyrronium (Ultibro[®] Breezhaler[®]▼) 85 micrograms/43 micrograms inhalation powder as hard capsules

Limited submission by Novartis Pharmaceuticals Ltd

Recommendation of AWMSG

Indacaterol/glycopyrronium (Ultibro[®] Breezhaler[®]▼) is recommended as an option for use within NHS Wales as a maintenance bronchodilator treatment to relieve symptoms in adult patients with chronic obstructive pulmonary disease.

In reaching the above recommendation AWMSG has taken account of the appraisal documentation prepared by the AWMSG Secretariat (reference number 1535), which includes the AWMSG Secretariat Assessment Report (ASAR), the Preliminary Appraisal Recommendation (PAR) and the applicant company's response to the PAR, clinical expert opinion (where available), the views of patients/patient carers (where available) and the lay member perspective.

This recommendation has been ratified by Welsh Government and will be considered for review every three years.

Marketing authorisation holder on first issue:	Novartis Pharmaceuticals Ltd
