

**Final Appraisal Recommendation**

**Advice No: 3614 – November 2014**

**Olodaterol (as hydrochloride) (Striverdi® Respimat®▼)  
2.5 microgram solution for inhalation**

**Submission by Boehringer Ingelheim Ltd**

**Recommendation of AWMSG**

**Olodaterol (as hydrochloride) (Striverdi® Respimat®▼) is recommended as an option for use within NHS Wales as a maintenance bronchodilator treatment in patients with chronic obstructive pulmonary disease (COPD).**

In reaching the above recommendation AWMSG has taken account of the appraisal documentation prepared by the AWMSG Secretariat (reference number 1537), which includes the AWMSG Secretariat Assessment Report (ASAR), the Preliminary Appraisal Recommendation (PAR) and the applicant company's response to the PAR, clinical expert opinion (where available), the views of patients/patient carers (where available) and the lay member perspective.

This recommendation has been ratified by Welsh Government and will be considered for review every three years.

Marketing authorisation holder on first issue	Boehringer Ingelheim Ltd
Date of first issue	November 2014
